**Patent No. 89/8437**

## MOLE REPELLENT

## OZONE FRIENDLY

**WARNINGS:**

Not for human consumption. Store in a cool place and keep container sealed.  
**KEEP OUT OF REACH OF CHILDREN AND ANIMALS.**

**PRECAUTIONS:**

Wash hands after use.  
Destroy empty container and do not use for any other purpose.  
Prevent contamination of food, feeds, drinking water and eating utensils.

**DIRECTIONS FOR USE:** Use only as directed.

Stamp down and flatten all existing visible workings, and then treat only new mounds or surface runs that appear.

**PUSHER MOLE:**

Move the mole hill soil aside, locate the entrance to the tunnel, pour 10 ml of the liquid into the tunnel as deep as possible. Cover up with soil.

**SURFACE MOLE:**

At either end of the surface mole run, locate the entrance to the tunnel that goes down. Pour 10 ml of the liquid into the tunnel. Cover with soil.

**Note:**

If you have had a mole problem for some time, it may be necessary to use more than one container of the product, dependent upon the size of the area that needs to be treated to get satisfactory results. Treatment of Golf Courses, Sport fields and large areas will require bulk supplies.

Continue treatment until moles disappear.
